- Academic Search Complete** [View](#)  
Academic Search Complete is a comprehensive scholarly, multi-disciplinary full-text database, with more than 5,300 full-text periodicals, including 4,400 peer-reviewed journals. In addition to full text, this database offers indexing and abstracts for more than 9,300 journals and a total of 10,900 publishers including monographs, reports, conference proceedings, etc. The database features PDF content going back as far as 1980, with the majority of full-text titles in native (searchable) PDF format.
- Access Medicine** [View](#) [Preview](#)  
AccessMedicine from McGraw-Hill is an innovative online resource that provides students, residents, clinicians, researchers, and all health professionals with access to more than 75 medical titles from the best minds in medicine. Updated content, thousands of images and illustrations, interactive self-assessment, case files, time-saving diagnostic and point-of-care tools, a comprehensive search platform, and the ability to view from and download content to a mobile device. Updated frequently and expanded continuously by world-renowned physicians, AccessMedicine provides fast, direct access to the information necessary for completing evaluations, diagnoses, and care management decisions, as well as for pursuing research, medical education, or self-assessment and board review.
- BrowZine** [View](#) [Preview](#)  
BrowZine works by organizing the periodicals available through the Texas Medical Center Library, adding them into complete journals, then
